Book Printing & Digital Workflow  
Albert Yeung - Golden Cup

2012 · 5 · 18

主辦單位：

協辦單位：

# Lean & Green

- ▶ This manufacturing strategy is a key to profit and sustainability
- ▶ Customer's Value & Need – Invest in suitable solutions
- ▶ Environmental protection and sustainability

# Digital Solution

- ▶ **Printing Press: Faster, wider format, better and better in quality**
  - Inkjet is one of the major driving force
- ▶ **Finishing: more solutions and more choices**
  - Without a suitable post-press solution, it's difficult to unlock digital's true potential
- ▶ **Market share will continue to grow rapidly**

# Offset Solution – Prepress

- ▶ **Environmental plate making:**
  - Chemistry free plate
  - Water recycling system
    - biological degradation
    - distillation

# Offset Solution – Printing

## ► Offset Press

- Highly automated
- New UV-curing systems
- Closed loop colour control
- Inline defect inspection system
- Hybrid products (Inkjet head installed)

# Offset Solution – Postpress

- ▶ Binding equipment
  - Highly automated
  - Hybrid products (recognition sensors installed)
  - Inline defect inspection system

# Digital Workflow

- ▶ Manage conventional and digital print production
- ▶ JDF MIS and Web to Print
- ▶ CMS
- ▶ Remote proofing
- ▶ JDF/JMF

Thanks!
